*Group numbers above 12 may require extra instructors, and incur extra costs.

*Groups larger than 12 MUST be cleared by the Programme manager 2 months before arrival to allow safety planning. Failure to give notice may result in some group members missing out.

*Students with special needs are welcome on sessions. Please discuss their needs 2 months prior

*YMCA Wainui park will run alternate programme for scheduled session times in the event of bad weather. Wet weather programme is usually cheaper than the fine weather plans.

*Adult helpers are necessary as above to maintain ratios required by RAM systems. Years 10 and above may require fewer parent helper/s than listed above for some activities. Please discuss this with Programme manager.

Kayak Skills are single cockpit river kayaks. This activity has two instructors due to increased ratio as per industry best practice.

***Please Note: Prices Effective from February 1st 2011
