* Group numbers above 12 may require extra instructors, and incur extra costs.

- Groups larger than 12 **MUST** be cleared by the Programme manager 3 months before arrival to allow safety planning. Failure to give notice may result in some group members missing out.
- Students with special needs are welcome on sessions. Please discuss their needs 3 months prior
- YMCA Wainui park will run alternate programme for scheduled session times in the event of bad weather. Wet weather programme is usually cheaper than the fine weather plans
- Adult helpers are necessary as above to maintain ratios required by RAM systems. Years 10 and above may require fewer parent helper/s than listed above for some activities. Please discuss this with Programme manager.

* Kayak Skills use single cockpit river kayaks. This activity has two instructors due to increased ratio as per industry best practice.
