Overview of YMCA Wainui Park

YMCA Wainui Park is a branch of YMCA Christchurch – one of 5 core departments. The YMCA of Christchurch is a community organisation which aims to enable individuals and families to develop mentally and spiritually and to enjoy a healthy quality of life.

Wainui Park also undertakes to be an industry leader of best practice – in safety systems & culture, outdoor educational excellence and environmental responsibility. For this to occur the Management and staff of the centre need to foster a culture of continuous quality evaluation and industry awareness – as this is an area of work where legislation and requirements in regard to health & safety are always changing.

Wainui Park’s primary aim is to provide outdoor education for children & young people, while secondarily the camp provides programmes and services for family and adult groups – both community and corporate. The camp itself is a large property of about 12 hectares, with accommodation for up to 200+ people over 3 different areas, providing catering services as well as outdoor programme instruction.

Upwards:	Wainui Park Supervisor

YMCA Statement on Child Protection

YMCA Christchurch is committed to providing a Child Safe environment for all children who come into contact with the YMCA.

YMCA Statement on Covid-19 Vaccination

The working environment and high-contact nature of all roles within YMCA Christchurch are at high risk of being exposed, and exposing others (including high risk persons), to COVID-19. The most effective way to manage this risk is to require all roles at YMCA Christchurch be undertaken by persons who are fully vaccinated against COVID-19, as well as other precautionary measures. Therefore, it is a requirement that all prospective employees confirm their vaccine status with YMCA Christchurch as part of the pre-employment process.

YMCA Statement on Career Development:

The YMCA Christchurch tries wherever possible to allow staff to develop their skills in a planned way which allows them to progress to other roles if they aspire to.

This could be within the department they work or more broadly to other YMCA departments or other Ys around New Zealand/the world.

Performance reviews which include planning personal development occur at least once a year, but should be an ongoing conversation between staff and their direct report.

We are in the early days of an evolving on-the-job training qualifications pathway which all staff are welcome to engage with, with the foundation aspects of customer service and health & safety being compulsory for all employees.
